DISTRICT CONTEST DUE TOMORROW OR SUNDAY

Committee at Chicago Probably Will Take Up Local Representation Then—One Case Settled.

Special Dispatch to The Star.
CHICAGO, June 2.—The contest over the District representation in the republican convention will come up before the national committee tomorrow or Sunday.

Taking up consideration of Georgia contests at the opening of its session today, the committee by a vote of 25 to 15 seated B. W. S. Daniels of the Jackson faction as delegate from the first congressional district over Sol G. Johnson of the Blum faction.

CHICAGO, June 2.—Consideration of claims of contesting delegations to the national convention was resumed today by the republican national committee, which opened its deliberations here yesterday with a continuous session lasting more than nine hours. The result of yesterday's work was a decision in the cases of sixteen delegates, nine from Georgia and seven from Alabama. The Henry S. Jackson delegation from Georgia was awarded seats, and the seven protests in Alabama were settled by the seating of six regular delegates at large and a protesting delegate from the ninth congressional district.

Each Georgia delegation came to Chicago uninstructed, but it has been generally understood that the Johnson delegation was prepared to support Justice Hughes, while the Jackson delegates were friendly to the candidacy of Senator Root, with John W. Weeks of Massachusetts as second choice.

Porto Rico, Hawaii and the Philippines protested against their delegates being denied votes while Alaska and the District of Columbia were given ballots, and the committee decided to place their delegates on the temporary roll with the recommendation that they be given votes.

The Louisiana contest involving twelve delegates was the first taken up today. It will be followed by the contests in Mississippi, Missouri and North Carolina in the order named.

The fighting in the Louisiana delegation today is between the so-called "Lily Whites" and the "Black and Tan," as has been called the contest. The Lily Whites are the delegates from former committee meetings preceding national conventions. The contesting delegates were chosen at separate meetings in Louisiana, the "Lily Whites" holding their meeting at a hotel in New Orleans where colored people were not allowed entrance. The delegation was consequently composed exclusively of whites, the colored population being given no representation. The other delegation is composed of an equal number of white and colored people. Neither side is committed to any candidate.

Warner-Quinlan Co. SUBMITS LOWEST BID

Quotes \$1.51 a Square Yard for 30,000 Square Yards of Asphalt Resurfacing Work.

The Warner-Quinlan Company of Syracuse, N. Y., has submitted the lowest bid for street resurfacing work in the District, to be commenced during the coming fiscal year.

Bids were opened yesterday for two and five year periods. For resurfacing 30,000 square yards of asphalt under the two-year contract this company bid \$1.51 a square yard and \$1.49 a square yard under the five-year contract.

The Cranford Paving Company's bids for the two periods, respectively, were \$1.57 and \$1.56 a square yard. These quotations are for reduced asphalt. The Cranford concern was the only bidder on the natural lake asphalt, and its prices on this material were \$1.63 and \$1.62 a square yard for the two and five year contracts.

Contract for resurfacing work during the current fiscal year is held by the Cranford Company.

HOPE TO FILL RANKS FROM OUTSIDE SOURCES

New Mexican Guardsmen Appeal to Headquarters of National Training Camp Association.

Falling short 300 men of the number necessary to bring its units up to the required strength for muster into the federal service for border duty, the New Mexico National Guard has called upon the National Training Camp Association to fill the gap with men shipped from New York state or elsewhere, according to semi-official information received today at the War Department.

The following telegram, dated Las Cruces, N. M., according to the report, was sent by the adjutant general of New Mexico, May 27, to the headquarters of the Training Camp Association in New York.

"New Mexico National Guard needs 300 more men before it can be mustered into the federal army. Impossible to raise them here. Can you secure them from military training camps' association? Recruits would have to pay own expenses here, but state would pay transportation to Columbus."

Army Officers Interested.

Army officers show interest in the situation presented, in view of the fact that during the pendency of the army bill in Congress training camp associations urged the volunteer army proposition, which was vigorously supported by officials of the National Guard here in connection with army legislation.

The provision was stricken out of the committee bill by the House on the ground that it would tend to impair the efficiency of the National Guard. The Senate retained it after a bitter fight on the floor, but it was finally lost in conference, where the bill, now awaiting President Wilson's signature, was framed.

NOTED HORSEMAN DIES.

Woodford Clay of Kentucky Stricken in Louisville Hotel.

LOUISVILLE, Ky., June 2.—The death of Woodford Clay, forty-three, of Paris, Ky., breeder of thoroughbreds, and widely known among turfmen, was announced today. He died at a hotel here last night after having been stricken with apoplexy. He had raised and raced a number of horses which had gained distinction on American and foreign tracks. Among them were Roamer, which is entered tomorrow in the Kentucky handicap at Douglas Park, Louisville, and Klarnock, a notable contender on European race courses.

Most of the thoroughbreds raised and raced by Mr. Clay were the get of the famous sires Hindoo, Sir Dixon or Star Shoot.

HUGHES-ROOSEVELT RIVALRY GROWING

(Continued from First Page.)

peace has been made or until after the republican platform has been adopted. "This is why it is regarded as so important to hold back the progressive action. If it is to be peace the progressive convention will have a simple program to carry out. If it is to be a continuation of the war, the intention to take advantage of all the errors of which the republicans may be guilty, as there is no chance for his nomination," said Mr. Furman.

Brandeis Action Discussed.

Among some of the leading republicans there was discussion this morning of the possible effect the confirmation of Mr. Brandeis may have upon the retention of his place on the bench by Justice Hughes.

This discussion was participated in by senators who were present at a senatorial cloakroom talk before they left Washington. According to reports then current, it is said, the question was raised whether democratic opposition to the confirmation had been overcome by the alleged measure of the administration to eliminate Mr. Hughes as a presidential candidate, in the hope that he would be influenced to stay on the bench, the democrats, so the talk went, holding him to be the most dangerous opponent who could confront President Wilson.

The further question was raised in today's discussion whether pressure would be brought to bear upon Mr. Hughes to retain his seat since his withdrawal would afford the President opportunity to appoint a democrat.

Suggestions Delicately Handled.

Of course such suggestions are handled with delicacy, the propriety of alleging political considerations or imputing motives to the Supreme bench being admitted, as well as the danger of being held in contempt of court by a body from which there is no appeal except to heaven. So these suggestions are but submitted, reportedly, as part of the talk of the hour.

There was recurrence last night of the talk of "Roosevelt and Fairbanks." It came from Roosevelt quarters and was repeated by Mr. Fairbanks. "The wish being father to the thought,"

Telephonic communication with Indianapolis was had this morning, and as a result the Indiana men are saying today, "Positively first place or nothing." There was recurrence last night of the talk of "Roosevelt and Fairbanks." It came from Roosevelt quarters and was repeated by Mr. Fairbanks. "The wish being father to the thought,"

George W. Perkins said this morning: "I trust that the same spirit of cordiality which I am glad to see among the regular republicans will actuate our progressive convention and prevent hasty action on the nomination."

Missouri Men for Mr. Weeks.

Four delegates from Missouri, Otto Stiefel, chairman of the Missouri delegation, W. P. Sullivan, Representative L. C. Dyer of St. Louis and E. L. Morse, have announced their intention of supporting Senator Weeks in the convention, as have also Tom Smith, a delegate at large from Kansas; Bird McGuire, a delegate at large from Oklahoma, and Charles H. Heitzman of Maryland.

Chairman Stiefel of the Missouri delegation said today: "No official poll of the Missouri delegation has been taken, but it is my opinion that more than a majority will support Senator Weeks. Personally, I am for the Massachusetts man. We have a vice-presidential candidate in the person of Charles J. Nagel, former Secretary of Commerce and Labor in the last administration."

L. C. Laylin, former assistant secretary of the interior, joined the Burton boosters at the Congress Hotel, Mr. Laylin came from Washington. He said there has been a marked change in sentiment among republican members of Congress in Washington in the last few days.

Congressmen Are Restless.

"Chicago will look like a part of the United States Capitol next week when the members of Congress arrive," said Mr. Laylin. "In the Senate and the House the members are just itching to get away. They want to see what is doing. Until a short time ago, many members of Congress thought Justice Hughes would be nominated. Now they believe neither the Supreme Court Justice nor Col. Roosevelt will carry off the prize. They are talking about a compromise candidate, and inevitably the talk turns to Senator Burton."

James Wilson of Iowa, former Secretary of Agriculture, "Tana Jim" he is called, now past the allotted three-score-and-ten, who became Secretary of Agriculture in 1896, and who served until the end of the last administration, is here. "The republican party will win the election in November if it nominates the right kind of a candidate," said Mr. Wilson. "It is highly important that the right kind be named. There is a big field to draw from—a field of high-minded men, and the convention need make no mistake if it considers seriously before it selects a nominee. Senator Burton of Ohio I know well. He is an able, intellectual, patriotic statesman and would make a great President."

Mr. Hughes' Friends Not Disturbed.

A dispatch from Washington quoting Mr. Hughes' secretary as saying that no one is authorized to speak for the justice was sought to be capitalized by the allies to the disadvantage of Mr. Hughes' friends, but the effect was neutralized by the reiterated statement that no one has sought to claim such authority. Mr. Hitchcock, on his arrival last Monday, as quoted in The Star's dispatch, disclaimed spokesmanship for Mr. Hughes and assumed individual responsibility for his efforts. Mr. Hitchcock called attention today to his statement of Monday. He is not disturbed over the dispatch of today. He is most careful in all his relations to the possibility of nomination. Mr. Hughes and as to his own connection with efforts to that end.

TWO MORE QUARTERS OPEN.

Boosters for Senator Cummins and Gov. Brumbaugh to Direct Campaign

CHICAGO, June 2.—Campaign headquarters were opened in Chicago yesterday for two more "favorite sons" candidates for the republican nomination for President. State Chairman C. A. Rawson of Iowa brought the boom of Senator Albert B. Cummins.

Paul N. Furman of Harrisburg appeared in the interests of the candidacy of Gov. M. G. Brumbaugh of Pennsylvania. National Committeeman Henry G. Wasson and Mr. Furman will direct the pro-nomination campaign.

"Gov. Brumbaugh's name will be presented to the convention and will not be withdrawn until his friends are convinced that there is no chance for his nomination," said Mr. Furman.

Senator Reed Smoot of Utah, and republican national committeeman, expressed the opinion that Hughes will be the nominee of the convention.

Ralph D. Cole, former member of Congress and a delegate from Ohio, declared that Theodore E. Burton would be the second choice of a number of delegates from western states.

The final division of the army of Indiana republicans was made today in Chicago to boom Charles W. Fairbanks for the nomination will be composed of several hundred women, who will arrive Tuesday. Mrs. Cecil G. Fowler of Lafayette is chairman of the organization.

Former Representative Fassett, delegate from Elmira, N. Y., said he believed several of the eastern states would unite to elect Elihu Root after the first few ballots.

TO CONFER ON CHAIRMAN.

President and Fred B. Lynch May Name Convention Officer Today.

Selection of the permanent chairman of the democratic national convention at St. Louis is expected late today at a conference between President Wilson and Fred B. Lynch, chairman of the executive committee of the national organization. Mr. Lynch arrived today to discuss campaign plans with the President, and especially to settle the permanent chairmanship.

Senator James is said to be most prominently considered for the place. Senator Keim of Indiana, and Senator Stone of Missouri are under consideration. If Senator James, who presided at Baltimore four years ago, is chosen, many democratic leaders are urging that Senator Stone be chosen chairman of the relations or platform drafting committee.

ST. LOUIS, Mo., June 2.—Selection of a temporary chairman for the democratic national convention was deferred today by the sub-committee arrangements of the national committee until tonight.

Chairman McCombs said that probably neither Speaker Clark nor Senator Stone of Missouri would be permanent chairmen, as they would be kept in Washington by congressional duties. The subcommittee today began the selection of the assistant secretaries-at-large for the convention and fifty-two assistant secretaries, one for each state and territory.

THREE FIRST GRADUATES ARE AWARDED DIPLOMAS

Notable Methodist Assemblage Witnessed Exercises on American University Grounds.

The three first graduates of the American University received their degrees at the second annual convocation, held this afternoon in the open-air amphitheater, on the university grounds, at the intersection of Massachusetts and Nebraska avenues. Bishop William Alfred Quayle delivered the convocation address. A notable assemblage of Methodist clergymen and friends of the institution witnessed the exercises.

Bishop Franklin Hamilton, chancellor of the university, presented the degrees to the first three young men to be graduated from the institution. Degrees of doctor of philosophy were awarded to Elbert C. Lathrop and Junius S. Cates, both of this city, and the degree of master of arts was awarded Morton O. Cooper, also of this city.

Ten Fellowships Won.

Bishops Earl Cranston and John W. Hamilton were awarded the honorary degree of doctor of the more humane letters. Announcement of the ten successful applicants of seventy-five who competed for the fellowship granted by the board of award was made as follows:

PASSENGER TRAIN FALLS THROUGH BRIDGE IN IOWA

At Least Fifteen Reported Dead and Many Injured in Accident on Rock Island Road.

PACKARD, Iowa, June 2.—Two women were killed and ten persons were injured as the result of the collapse of the bridge over Coldwater creek, near here, early today, under the weight of the north-bound passenger train, No. 19, on the Chicago, Rock Island and Pacific railroad. In addition to the two dead, seven persons are missing and are believed to be dead, either by drowning or as the result of their injuries.

HARSHALITOWN, Iowa, June 2.—A dispatch to a local newspaper from the scene of the Chicago, Rock Island and Pacific wreck at Packard, Iowa, states that possibly a score of passengers lost their lives when the passenger train plunged through the bridge. It was stated that the dead will total at least fifteen.

TORNADO HOISTS TRAIN FROM A RAILWAY TRACK

BLOOMINGTON, Ill., June 2.—A tornado blew the Chicago-St. Louis fast mail train, No. 17, on the Wabash railroad from the tracks near Saunemin, Ill., early today, injuring eighteen persons, one probably fatally. The accident occurred a deep cut which kept the cars from overturning and probably prevented heavy loss of life.

The combination baggage and smoking car and four coaches were blown from the track. A Pullman sleeper crashed through the smoking car, tearing it to pieces. It was in the smoking car that the most injuries to passengers occurred.

A special train was made up at Decatur, Ill., carrying doctors and nurses, rushed to the scene.

RETURNS FROM TRENCHES AND ASKS FOR DIVORCE

Emile Beauvais Names Co-respondent in Suit Instituted Against Wife.

Emile Beauvais, who answered the call to the French colors in the fall of 1914 and who is said to have returned recently from the trenches, today filed suit for an absolute divorce in the District Supreme Court against his wife, Adele Beauvais. A co-respondent is named.

The marital difficulties of the couple were aired in court about three years ago, but a reconciliation was effected and the suit for a limited divorce withdrawn. The plaintiff says the wife made him certain promises at that time which, he alleges, she has failed to keep.

When he left for France he declares he placed his wife and child in an apartment and arranged an allowance of \$5 a month for their support. He asserts that last January the child was taken from the mother and is now in the custody of the board of children's guardians. In his absence, he avers, the co-respondent was a frequent visitor at the apartment of Mrs. Beauvais.
